

# Avery Weigh-Tronix

Avery Weigh-Tronix carries out more calibrations on Industrial weighing equipment than any other company in the UK or Ireland.

Calibration and verification is carried out under approved / accredited Quality Management Systems as follows:-

## ISO9001

Avery Weigh-Tronix is approved to BS EN ISO 9001 by SGS UK Ltd for:-  
Design, manufacture and supply of electronic and mechanical weighing machines, transducers (precision load cells) for weighing machines and associated systems including complimentary software products under trading names registered by Avery Weigh-Tronix. The installation, service, maintenance, hire and calibration of weighing machines and associated equipment.

## UKAS / ISO 17025

Avery Weigh-Tronix also has UKAS Accreditation and complies with the requirements of BS EN ISO/IEC 17025.

## Self Verification

Avery Weigh-Tronix is approved to carry out initial verification and re-verification of non-automatic weighing instruments used for controlled applications under certificate number GB95/50915 issued by SGS UK Ltd.

## Traceability

Our calibration and verification services are conducted with weights uniquely identified and traceable to National Standards of Mass. All of our test weights are calibrated by UKAS Accredited Laboratories.

## Summary Table

| Type of Approval / Accreditation  | Registration Details                     |
|---|--|
| <b>ISO9001</b><br>Quality Management Systems  | Certificate GB95/4715 - SGS UK Ltd       |
| <b>UKAS Laboratory 0450</b><br>- Calibration of non-automatic weighing machines up to 5000 kg<br>- Calibration of Mass              | United Kingdom Accreditation Service     |
| <b>UKAS Laboratory 0054</b><br>- Force calibration up to 500 kN   | United Kingdom Accreditation Service     |
| <b>UKAS Laboratory 1366</b><br>- Weighing machine type approval testing   | United Kingdom Accreditation Service     |
| <b>EU Declaration of Type Conformity</b> (Self-verification) under the non-automatic weighing instruments Directive 2014/31/EU      | Certificate No. GB95/50915 - SGS UK Ltd. |
| <b>Approved Verifier</b> (Self-verification) in accordance with Part II Schedule 3A to the W&M Act 1985                             | Approval number 0004/00 - NMO            |
| <b>ISO14001</b><br>Environmental Management Systems   | Certificate GB05/66118 – SGS UK Ltd.     |
| <b>EN 1090-1:2009+A1:2011</b> - Construction Products Regulation (CPR) - Weighbridges   | Certificate GB15/93536 – SGS UK Ltd.     |
| Evidence of all approvals / accreditations including Quality / Environmental / Health and Safety policies are available on request. |  |
